

## LEADERSHIP TRAINING FOR TEAMS AND GROUPS

Your leadership intelligence is measured by the performance of the people you lead. Therefore, it is crucial for your and your team's success that you understand how you can build capacity for high performance on your team.

- **GOAL:** Bring new managers and emergent leaders quickly up to speed in their confidence as leaders.
- **OUTCOMES:** Increased self-awareness and ability to deliver coaching skills-based management style with their teams.
- The training is offered as a half-day, full day or 2 day programs.

The reasons why companies engage me to do the training often include:

- Increase leadership skills of the newly minted managers and high potentials
- Poor or non-existent accountability
- Burn-out on teams
- Uneven performance
- The "spirit" of the team needs uplifting
- Communication challenges
- Overcome obstacles to high performance
